

## VANTAGE *Live*

---

Vantage Live is a unique product: a complete system delivering stunning audio quality combined with exceptional convenience and installation flexibility.

Vantage Live will have you re-listening to all your favorite recordings, enjoying its unrivaled dynamics and scale, breathtaking detail and delicacy. Most of all, it has a musical, natural sound with all types of music, whether recreating an intimate acoustic recording or the electric atmosphere of a rock concert.

Sophisticated and natural with life-size scale, Vantage Live exceeds any expectation from an integrated system and rivals the very best achievable with multi-component, traditional hi-fi systems.

Vantage Live is the culmination of many years of research and development between YG, Cambridge Acoustic Sciences, and Bel Canto.

Two compact, three way loudspeakers combine with an elegant controller in a form factor which can blend harmoniously with any size of room and all design aesthetics.

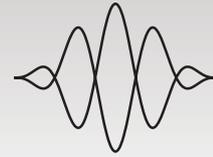

Advanced DSP crossovers have been tuned on the basis of complex, multi-domain physics and acoustic models, optimized using supercomputer and cloud computing resources.

Top tier DSP and DAC circuits provide effortless dynamics, clarity and musicality. Custom amplification provides a dedicated 700W amplifier for each of the three drive units, yet the whole system is cool and efficient.

The result is a velvet black background with a beautiful, smooth delivery with all types of music. Incredible dynamics, astounding realism and deep, authoritative bass.

## SPECIFICATIONS

### DEVIATION

Usable output extends from 25 Hz to above 30 kHz  
 $\pm 2^\circ$  relative phase throughout entire overlap  
Exceptional pair-matching

### DRIVERS

BilletCore ultra-high-rigidity woofer and mid-woofer  
ForgeCore ultra-low-distortion tweeter  
Woofer: 22 cm (8.75")  
Mid-woofer: 18.5 cm (7.25")

### AMPLIFICATION

Dedicated 700W amplifier per drive unit  
0.001% THD+N 20Hz to 20kHz at half peak power  
135dB SNR unweighted ref. peak power  
137dB SNR A-weighted ref. peak power  
93% efficiency at peak power  
1.5m $\Omega$  output impedance

### CROSSOVER

Advanced high resolution DSP crossover optimized using supercomputer and cloud computing resources and tuned across thousands of hours of critical listening

### DIGITAL INPUTS

AES (XLR), SPDIF (BNC), TOSLINK, USB, Ethernet  
AES, SPDIF, TOSLINK: 24bit up to 192KS/s  
Ethernet: 24bits to 192KS/s and DSD64  
USB2 Audio: 24bits to 384KS/s and DSD64/128 (DoP)

### ANALOGUE INPUTS

2  $\times$  Line inputs RCA  
Maximum input: 2.2 Vrms  
Input Impedance: 10k $\Omega$   
THD+N: 0.003%, 1KHz  
Dynamic Range: 110dB, A-weighted 20Hz-20KHz

### PHONO INPUT

Sensitivity: MM: 2.5mV to 5mV; MC: 0.25mV to 0.5mV  
Input load: MM: 47k $\Omega$ ; MC: 50 $\Omega$ , 100 $\Omega$ , 500 $\Omega$ , 1k $\Omega$   
RIAA Accuracy: +/-0.25dB, 50Hz - 15kHz  
THD+N: <0.01% 1kHz A-weighted  
SNR: >70dB A-weighted

### GENERAL

Controller dimensions: 94  $\times$  400  $\times$  316 mm (3.7  $\times$  15.7  $\times$  12.4") H $\times$ W $\times$ D (including feet)  
Controller weight: 8.7kg (19.2lbs)  
Speaker dimensions: 112  $\times$  32  $\times$  54 cm (44  $\times$  13  $\times$  21") H $\times$ W $\times$ D  
Speaker weight: 80 kg (176 lbs) per channel unpackaged

### COLOR OPTIONS

Vantage Live is available in three finish types: anodization, ChromALure, and high gloss paint. Contact your dealer for more information.
